

# BOULTON

POWERBOATS INC.

The FHX is all new for 2014 and a continuation of the Skiff model one of our most popular and diverse boats. As our most versatile line of boats yet this design allows you to choose between 3 dead rise options to fit your motor choice. Currently in very high demand because of its very smooth, stable, dry ride, the FHX is the one the competition wishes they had. Get yours on order today!
